

A modern office interior with large glass windows overlooking a city skyline. The office features a long desk with two ergonomic chairs, a computer monitor, and a printer. The floor is dark and reflective. The ceiling has a grid pattern with recessed lights. The right side of the image is overlaid with a red semi-transparent panel.

FITTINGS AND ACCESSORIES FOR GLASS INSTALLATIONS

OPENING, USING AND CLOSING,
SO EASY AND...SO COMPLEX

TRIVEL[®]
EXPERIENCE MAKES US BETTER

More than 75 years of experience

The fittings, accessories and TRIVEL systems are recognized as the maximum guarantee and reliability to execute projects with glass. Holding, supporting, ensuring glass panels and moving heavy doors is the specialty of INDUSTRIAS GALTÉS, S.A.

From our 4.000m² facilities in Castellbisbal (Barcelona), we keep growing, evolving, researching and improving to offer high quality products with the commitment and service that characterizes us.

Presents over the world with the confidence of the main industrials, architects and interior designers.

VALUE OF ORIGIN
Maximum reliability, quality and durability

Design with our own team
beside industrials and architects

Innovation.
and development of new fittings.

Manufacturing in origin,
controlling all the processes of each single part.

Development of special projects,
with the maximum quality and agility.

Painting and personalized finishes,
answering to any requirement.

Total guarantee and certification
with specific fittings for each use.

Closer than you imagine

The widest catalogue of fittings and accessories for the assembly in flat glass, wherever it is, the most probable is that you have a TRIVEL fitting close to you.

However, our real value is that we provide the maximum functionality, guarantee on its use, and an impeccable aesthetics, in harmony with the area.
